Compact, Accurate Counting

Kirby Lester KL1

Capsa Healthcare provides the Kirby Lester KL1, with world-renowned counting accuracy inside.

- Saves time: Faster and more accurate than manual counting.
- Compact design: Just 14.6” H x 5.6” W, fits into any crowded workspace.
- Inventory mode: keeps count when tray is emptied; count capacity of 9,999 tablets.
- Ergonomic tray with left/right pouring.
- No calibration needed; counts almost any tablet or capsule.
- Simple to clean.
- Ideal check-counter for Pharma/Industrial QC.

KL1 Highlights

Preferred Counting Technology: Best-selling counting device worldwide. Easier and faster to use than outdated scales and cumbersome tray-and-spatula methods.

Fast: KL1 handles a 60-count Rx an average of 6.3 seconds faster than hand-counting, and 14.3 seconds faster for a 90-count Rx. Throughput up to 15 tablets/second.

Essential Inventory Tool: Maintain absolute inventory accuracy, especially for controlled medications (manual counting methods are only 95% accurate at best).

Free Up Time, Redeploy Staff: Using Kirby Lester counting technology frees up valuable time for customer service and profit-driving initiatives.

Part of Capsa Healthcare’s pharmacy automation solutions, which are trusted globally in all types of pharmacy: retail, long-term care, hospital inpatient and outpatient, central fill and mail order.

The KL1 quickly counts almost any tablet or capsule.

KL1 is 6-14 seconds faster than hand-counting (60- to 90-count)

The KL1 is ideal for all prescription filling, from 30-counts to 90-day fills, and inventory (especially narcotics).

The ergonomic tray allows quick pouring from the left or right side.
