NexsysADC™ is the next-generation medication management system designed for the unique needs of long-term care. NexsysADC provides sophisticated medication and supplies control to enhance patient care and support compliance to medication administration regulations. With NexsysADC installed, facilities always have the right STAT or 1st dose on-hand at the exact time it’s needed, and access to controlled medications is secure and trackable.

Intuitive pick-to-light functionality assures simplicity and accuracy during med administration, especially narcotics.

NexsysADC™ is where automated emergency and STAT dose administration meets inventive, commonsense design that provides configurable security and storage for a host of healthcare environments.

NexsysADC meets the highest standards for cyber security and HIPAA compliance (ISO 27001:2013 Certified).
The NexsysADC Controlled Access Module (CAM)

Configurable CAM technology provides illuminated prompts to correct drawer and med compartment, each protected with a clear locking lid to simplify item identity and show available inventory.

Transferable CAM inserts streamline inventory counts, restocking, and medication distribution workflow to and from the pharmacy.

Scalable cabinet design for each facility’s unique needs: 1) CAMs for controls; 2) Dividable open-matrix bins for routine meds; 3) Bulk supply drawers.

NexsysADC is available in 4T countertop and main cabinet models.

**4T cabinet size** 23.5”(w) 20.4”(d) 17.7”(h) with 14” touchscreen monitor. Approximately 100 lbs. empty.

**Main cabinet size** 25”(w) 20.4”(d) 43”(h) with 22” touchscreen monitor. 145 lbs (empty) up to 350 lbs (with 10 CAMs)

Additional Features Include

- Software is designed to be quick, step-saving, and trackable
- Advanced security including prox card and biometric authentication
- Accommodates virtually all med and supply packaging types
- Several options for replenishing meds, all controlled by the pharmacy
- Portal access is available 24/7 for nursing & pharmacy management

Adaptable and Scalable Configurations

Every facility’s patient population and medication management needs are unique, so each NexsysADC unit is highly adaptable and scalable to manage a few SKUs, up to hundreds. Ask your Capsa Representative or your pharmacy provider for a detailed analysis.
