

# NexsysADC™ 4T

**NexsysADC™ 4T** suits any health care environment where tight medication control is required, and small space, budget or formulary are also a consideration. NexsysADC 4T is countertop-sized with the full security, tracking, and inventory management of Capsa's main cabinet model.

NexsysADC 4T is the simplest system to manage the onsite storage of sensitive medications and supplies, and function as an electronic E-kit. At all times, you know the inventory, who is accessing the cabinet, and what is dispensed for a specific patient or procedure. With the size-conscious NexsysADC 4T, your healthcare facility can secure medications, deter diversion, and gain a fast return on investment.

NexsysADC™ 4T is highly configurable security and storage for a host of healthcare environments.

- Extended care/nursing homes
- Critical access hospitals
- Surgery centers
- Rehab & psych environments
- Animal health
- Dental clinics
- Education simulation
- Hospice
- Group homes

NexsysADC meets the highest standards for cyber security and HIPAA compliance (ISO 27001:2013 Certified)

NexsysADC is available in 4T and main cabinet models. Providing the medication security you need in a size to meet your inventory requirements.

## Three Secure Ways to Store & Track Controls and High-Value Supplies

**1 Controlled Meds**  
Controlled and high-value medications are safely guarded in CAMs (controlled access modules). Each 3" CAM holds up to 25 smaller SKUs, and deep 6" and 10" CAM Drawers hold up to 12 large-item SKUs.

**2 Routine Meds & Small Supplies**  
Meds and surgery supplies are efficiently managed in dividable, locked open-matrix bins, with pick-to-light guidance.

**3 Bulk Supplies & Kits**  
Bulk supplies, kits, and larger items are stowed neatly in configurable, locked supply drawers, with pick-to-light guidance.

## Adaptable and Scalable Configurations

Complete each cabinet's 4 tiers with a combination of:

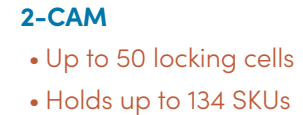

- 3", 6" or 10" CAMs for controlled & high-value meds
- Dividable open cell medication bins for routine meds
- 3", 6", or 9" drawers for supplies

### Common Configurations

#### 1-CAM

- Up to 25 locking cells
- Holds up to 150 SKUs

#### 2-CAM

- Up to 50 locking cells
- Holds up to 134 SKUs

#### 4-CAM

- Up to 100 locking cells
- Holds up to 100 SKUs

Cabinets are 23.5"(w) 20.4"(d) 17.7"(h) with 14" touchscreen monitor. Approximate weight 100 lbs. empty.

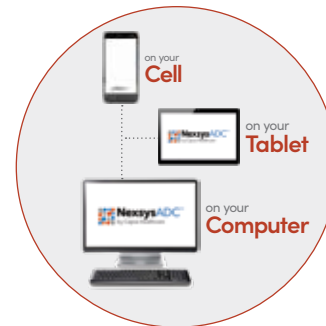

## Additional Features Include

Pulse™ Pharmacy Information System software interface
