

Automated Packaging Medication Carts

Avalo® Spoolstor™ Modular Bin

Avalo® Spoolstor provides flexible packaging organization in a modular medication bin. Spoolstor facilitates room changes or resident discharges with its ability to be removed from the cart and relocated. Dividers, clear lids and ample labeling enhance Spoolstor's clean, simple approach to compliance packaging organization.

Spoolstor Features

- Flexible organization of packaging in modular bins
- Resident discharges, short-term leaves and room changes are easily accommodated
- Bin dividers and flexible labeling system enhance Spoolstor's clean and simple approach to packaging organization
- Large resident capacity per cart with the flexibility to change from punch card to Spoolstor configuration quickly and easily

Spoolstor Auto Packaging Models
