

NexsysADC™

- DEA compliance
- Increase visibility to inventory levels
- Tighten control of controlled meds
- Reduce waste
- Simplify documentation
- Protect against diversion

Protection From Diversion & DEA Audits

NexsysADC is ideal for medication management, security, and inventory tracking in Emergency Medical Service settings. This simple, secure system fully manages the onsite storage of controlled medication doses and high value supply items, but at a fraction of the price of alternative automated cabinets.

Intuitive pick-to-light functionality assures simplicity and accuracy during med administration, especially narcotics

Full-size touchscreen interface and flexible software design support configurable workflows and dispensing protocols

Available in 4T countertop-size (right) or main cabinet for high-volume practices

NexsysADC meets the highest standards for cyber security and HIPAA compliance (ISO 27001:2013 Certified)

Three Secure Ways to Store & Track Controls and High-Value Supplies

1 Controlled Meds
Controlled and high-value medications are safely guarded in CAMs (controlled access modules). Each 3" CAM holds up to 25 smaller SKUs, and deep 6" and 10" CAM Drawers hold up to 12 large-item SKUs.

2 Routine Meds & Small Supplies
All other medications and high-value supplies are efficiently managed in dividable, locked open-matrix bins, with pick-to-light guidance.

3 Bulk Supplies & Kits
Bulk supplies, kits, and larger items are stowed neatly in configurable, locked supply drawers, with pick-to-light guidance.

Adaptable and Scalable Configurations

NexsysADC provides a fully configurable platform to permit unique security and storage capacity for any size and volume EMS operation. Consult with Capsa Healthcare on your precise needs.

NexsysADC is scalable for any EMS operation that handles controlled medications. The countertop-size NexsysADC 4T (right) holds up to 150 SKUs, and the main cabinet holds up to 400 SKUs.

Flexible, Secure Storage For Controls And High-Value Items

Safeguard doses and narcotic kits in deep cells with individual locking lids, pick-to-light, and tamper-evidence.

100% Tracking & Tracing, from log-in to log-out, with advanced security and sign-in

3" CAMs hold up to 25 SKUs, and 6" and 10" CAM Drawers up to 12.

Data at your fingertips, 24/7, from any location
